Training

Android Development Using Kotlin - Beginner to Intermediate

June '23 - July '23

Fifth Force

- Covered Android basics, Kotlin fundamentals, UI/UX design, lifecycle management, data persistence with SQLite, and networking protocols.
- Hands-on experience with Material Design guidelines and principles.
- Applied theoretical knowledge through practical projects and assignments.
- Developed real-world applications to demonstrate proficiency in Android development using Kotlin.

Projects

Blog App / MERN Stack, Responsive Web Design

Mar '24 - Apr '24

- Implemented registration and login functionality for authors and readers, ensuring secure and authorized content creation and editing.
- Designed and integrated dynamic data handling from MongoDB, responsive design, and dynamic pagination based on data.
- A Created and deployed RESTful APIs for data insertion, retrieval, deletion, user authentication, and individualized user data storage.

Expense Tracker | Web3 Technology(Motoko), ReactJs

Apr '24

- Utilized blockchain technology to ensure decentralized, immutable, and tamper-proof expense data.
- Implemented public ledger recording for all transactions, ensuring transparency and facilitating easy auditing.
- Achieved seamless integration with various Web3 applications and services, fostering a cohesive financial ecosystem.
- Applied Web3 principles to empower users with control over their data, enhancing privacy and minimizing third-party dependencies.

Contact App / Android Development using Kotlin

July '23

- Designed and implemented clean and user-friendly interfaces using XML layouts for a smooth and intuitive user experience.
- Developed functionality to add and edit contacts, with straightforward forms for detailed data entry.
- Utilized SQLite for secure data storage, ensuring that user data is preserved even when the application is closed.

Certifications

Server side JavaScript with Node.js

Apr '24

Coursera — [Certificate Link](#)

HTML, CSS and Javascript for Web Developers

Apr '24

Coursera — [Certificate Link](#)

Certified by Fifth Force Android Development using Kotlin.

July '23

Fifth Force

Technical Skills

Languages: JavaScript, Kotlin

Technologies/Frameworks: HTML, CSS, XML, ReactJS, NodeJS, ExpressJS, MongoDB, MySQL

Platform: Windows

Skills: UI/UX Design, Problem Solving, Adaptability

Education

Lovely Professional University Punjab

2021 – Present

B. Tech in Information Technology — CGPA: 7.00

Jalandhar, Punjab

Royal College of Science And Technology

2020 – 2021

12th with Science — Percentage: 84.5%

Bhubaneswar, Odisha

Saraswati Vidya Mandir

2018 – 2019

10th — Percentage: 83.5%

Rourkela, Odisha
